

AJINKYA NITESH FURANGE

WEB DEVELOPMENT & AI AGENT ENGINEER

Mumbai, India | +91 8108171769 | ajinkyafurange@zohomail.in

[LinkedIn](#) | [Portfolio](#) | [X](#)

OBJECTIVE

Aspiring Software Engineer with a strong foundation in Backend Development (Python, Node.js) and Agentic AI architecture. Seeking to contribute to innovative teams like ScopeX Fintech by building scalable APIs, optimizing server-side logic, and developing robust microservices. Motivated to learn production-level workflows and support cross-border payment solutions.

TECHNICAL SKILLS

AI & Automation:	Agentic AI Making, Azure AI Agent Service, RAG Pipelines, Automations.
Backend:	Node.js, Express.js, Python (Flask), Go, PHP, RESTful APIs.
Frontend:	HTML5, CSS3, JavaScript, jQuery, Bootstrap, Responsive Design.
Databases:	MongoDB, MySQL.
Frameworks & Tools:	Node.js, Hugging Face API, GPT Models, Firebase, Git.
Data & Analytics:	Database Management Systems (DBMS), Google Analytics, Data Structures & Algorithms.
Other:	UI/UX Design, Web Development, Linux, Microprocessor Programming, Computer Networks, Project Management.

KEY PROJECTS

SkillSwap (Hackathon Project)

2024

A collaborative learning and skill verification platform featuring group sessions, multilingual support, and peer reviews.

Stack: Node.js, Express, MySQL, HTML/CSS. [Live Link](#)

E-commerce System with Admin Dashboard

2024

Developed a full-stack system with real-time order tracking, automated email notifications, and WhatsApp alerts for admins and users.

Stack: Node.js, Express, MySQL, Nodemailer. [Live Link](#)

2FA Scam Awareness Simulation

2024

An educational interactive web app showcasing phishing and OTP fraud awareness mechanisms.

Stack: HTML, CSS, JavaScript, jQuery. | [Live Link](#)

INTERNSHIP EXPERIENCE

Web Development Intern

Oct 2025 - Nov 2025

Cognifyz Technologies - Preview Projects

- Structured and maintained documentation for development deliverables.
- Managed version control, code formatting, and GitHub deployment.
- Published and deployed a real-time website showcasing project outcomes.

Web Development Intern

Oct 2025 - Nov 2025

CodSoft - Preview Projects

- Collaborated with senior developers to manage projects and enhance collaboration workflows.
- Developed responsive websites and dashboards using Bootstrap and jQuery.
- Demonstrated strong time management by adhering to strict development deadlines.

ACHIEVEMENTS & AWARDS

- **1st Prize at Microsoft Office, Mumbai:** "Building AI Agents using Azure AI Agent Service."
- **1st Prize at Pre-Eureka 2025:** StartUp Pitching Competition.
- **3rd Prize at MongoDB User Group (MUG) Mumbai:** "Building AI Agents with MongoDB."
- **Team Manager:** National Entrepreneurship Challenge, E-Cell IIT Bombay.
- **Contributor:** Youth Season of Code (Y-SoC 2025-26).

CERTIFICATIONS & CREDENTIALS

- **Watsonx Orchestrate: Business Automation in the Age of Agentic AI** – IBM, 2025
- **Microsoft - EY AI Skill Passport** – Microsoft & EY, 2025
- **Building AI Agents with MongoDB** – MongoDB, 2025
- **Oracle Cloud Infrastructure 2025 Certified Foundations Associate** – Oracle Cloud, 2025
- **Cyber Job Simulation** – Deloitte, 2025
- **Cybersecurity Analyst Job Simulation** – Forage, 2025
- **Advanced Software Engineering Job Simulation** – Forage, 2025
- **Cyber Yodha – Basic Ethical Hacking Course** – Cyber Yodha, 2025
- **Gemini for Google Workspace** – Google Cloud, 2025
- **Coding Chaska** – Coding Chaska, 2025

EDUCATION

Diploma in Computer Engineering

2024 - 2027

Vidyavardhini's Bhausaheb Vartak Polytechnic (MSBTE Affiliated)

Current Status: Second Year (Ongoing). Sem 1: 80% | Sem 2: 86%

SSC (Secondary School Certificate)

2023 - 2024

AnnaSaheb Vartak Smarak Vidyamandir

Percentage: 89%
